Attention!

- Do not rush and be careful as you will not be able to return to the previous task.
- Pay attention to the spelling.
- Do not use unnecessary spaces or other characters.
- Make sure you use English symbols on your keyboard.
- Notice where the uppercase and lowercase letters are needed.
- In the event of the system malfunction, restart your browser and continue your attempt.
- Submit the test before the time is finished! Your answers may not be confirmed if the system disconnects you after the time expires.
- Probably you will not get the test result immediately. You will learn your result only after teacher has reviewed your attempt.
